

DOB ISSUES MONTHLY ENFORCEMENT BULLETIN***Report Highlights DOB Enforcement Outcomes from July 2026 to
Deter Bad Actors and Keep New Yorkers Safe***

New York, NY – The New York City Department of Buildings released its enforcement bulletin for July 2026, which provides highlights of the agency's actions to sanction and deter bad actors in the construction industry through the enforcement of safety laws and codes of conduct. Today's bulletin includes summaries of DOB-imposed disciplinary actions, including penalties, license suspensions, and revocations.

The actions below represent a portion of DOB's overall work to enforce the City's building codes and safety laws, in addition to the thousands of inspections conducted and violations issued by the agency each month for illegal building and construction conditions.

DOB completed several major enforcement actions in July, including:

- 8 violations and \$95,000 in penalties imposed for failure to safeguard construction sites at 8 locations.
- 13 violations and \$166,250 in penalties, including daily penalties, imposed for illegal alterations in 1 location.
- 1 violation and \$10,000 in penalties issued for failure to perform the duties of a Construction Superintendent.
- 1 padlock closure order issued for violating a stipulation agreement to cease illegal storage

July's enforcement efforts also resulted in the removal of 14 illegally parked commercial trucks and one dead-storage vehicle at two separate locations, and the completion of a multi-month effort that removed more than 50 commercial trucks and vehicles and 10 shipping containers illegally stored at one location.

Below are individual enforcement highlights for July 2026:

Construction and Design Professionals

- DOB's Special Enforcement Team (SET) audited five professionally certified applications submitted by Registered Architect Jackie Bolalin and found major code non-compliances, including filing Alteration Type 2 applications despite proposing changes in use, egress, and/or occupancy, which require Alteration

Type 1 applications for a new or amended Certificate of Occupancy; proposing plans that fail to fireproof windows and their assembly in wall on a lot line; failing to provide two means of egress as required; proposing plans that fail to provide light and ventilation of the living room through the window; and various other violations of code and rules, including the Zoning Resolution, Building Code, and Administrative Code. Based on the audits, SET offered a voluntary surrender of Professional Certification and Directive 14 Final Inspection privileges, which the Respondent agreed to.

- DOB's Special Enforcement Team (SET) audited five professionally certified applications submitted by Professional Engineer Shahrish Shuvo and found major code non-compliances, including filing Alteration Type 2 applications despite proposing changes in use, egress, and/or occupancy, which require Alteration Type 1 applications for a new or amended Certificate of Occupancy; proposing plans that indicate accessory parking in front of a yard in a zoning district where this was not permitted; proposing plans that indicate a new staircase without providing floor framing details; proposing plans that indicate an interior partition that blocks access to the existing fire escape; and various other violations of code and rules, including the Zoning Resolution, Building Code, and Administrative Code. Based on the audits, SET offered a voluntary surrender of Professional Certification and Directive 14 Final Inspection privileges, which the Respondent agreed to.
- DOB revoked the Special Rigger License of Pritam Singh, after Mr. Singh failed to ensure a suspended scaffold was being used in a safe and Code compliant manner at a site where a worker fatally fell. Following an OATH Trial, an Administrative Law Judge issued a report recommending the revocation of Singh's Special Rigger License, which was fulfilled in an order signed by the DOB Commissioner.
- General Contractor Michael Marino was disciplined for a high number of sustained Class 1 summonses and for failing to make electronic reports following incidents. Pursuant to a stipulation, Mr. Marino agreed to a three-month suspension, a \$20,000 fine, and two years of probation

Bronx

- \$125,000 in penalties imposed on Hexagon Industries, Inc. for violations recorded at 57 East Burnside Ave. DOB inspectors issued violations for failure to safeguard after an excavator was used to pull down a wall contrary to the approved demolition plans, causing the wall to collapse on the sidewalk and roadway, and damaging a construction fence and sidewalk shed. Violations included improper demolition, inadequate supervision of the work site, failure to conduct a pre-shift meeting or to produce site safety orientation records, and lack of a watchperson on site.

- \$20,000 in penalties imposed on AB Builders NY for violations recorded at 1435 Nelson Ave. DOB inspectors issued violations for failure to safeguard the site after a worker was observed using a single plank and an unstable ladder as a makeshift platform, and for the supported scaffold that was missing a plank and a guardrail system. Inspectors also issued violations for Superintendent failing to perform their duties due to incomplete log records.
- \$10,000 in penalties imposed on Leon D. Matties Const. for violations recorded at 2075 Webster Ave. DOB inspectors issued violations for failure to safeguard during concrete barrier repairs after a forklift hit a car in the roadway, and inspections revealed that the forklift operator lacked the proper training, and that no flaggers were in place as required during operations.
- Summonses issued to Gammon Enterprises LLC issued at 461 Park Avenue South related to a large advertising sign were sustained upon appeal. The summonses were for work without a permit, owner acting as an Outdoor Advertising Company (“OAC”) without registration, failure to engage a licensed sign hanger, failure to post the required UL decal, and for advertising signs prohibited under the Zoning Resolution. Following the Respondent’s arguments, the Appeals Board found that the advertising sign’s size had changed significantly over the years so a legal nonconforming use defense was not established. The Board also held that the sign being prohibited in a zoning district is not a defense to a work without a permit charge.

Brooklyn

- \$162,250 in penalties imposed on Erez Ephraim Partush for violations recorded at 945 E 15th Street. DOB issued violations with daily penalties for after observing the two-family dwelling converted to a 12-family dwelling by the addition of 10 Single Room Occupancies (SROs). Additionally, inspectors issued violations for lack of automatic sprinklers and Class J fire alarm system as required for transient use dwellings, and for failure to comply with a previous Vacate Order issued in 2015.
- \$77,350 in penalties imposed on 724 Management LLC for violations recorded at 4402 3rd Ave. DOB inspectors issued administrative code violations for signs on display without a permit; failure to engage a licensed sign hanger; for the owner acting as an Outdoor Advertising Company (“OAC”) without registration; and failure to attach a UL decal. Additionally, Zoning Resolution violations included prohibited signs within 200 feet and in view of the Gowanus Expressway and failure to register a sign within 900 feet and in view of an arterial. Violating sign pictured below.
- \$65,210 in penalties imposed on 724 Management LLC for violations recorded at 4404 3rd Ave. DOB inspectors issued Zoning Resolution violations for displaying

an outdoor advertising sign prohibited within 200 feet and in view of the Gowanus Expressway in an M-1 district; failure to register a sign within 900 feet and in view of an arterial; and for exceeding height limitations. DOB also issued administrative code violations for the owner acting as an OAC without registration, failure to engage a licensed sign hanger, and for failure to attach the required UL decal. Violating sign pictured below.

- \$10,000 in penalties imposed on AB Plus R Construction for violations recorded at 229 Waverly Ave. DOB inspectors issued violations for failure to safeguard at a new building job site after observing a lack of guardrails on multiple leading edges, CMU blocks near a leading edge; and an unsecured metal edge hanging at one exposure.
- \$10,000 in penalties imposed on Aharon Statfeld for violations recorded at 1770 Kimball Street. DOB inspectors issued violations for failure to safeguard after observing a tarp that was deteriorated and not properly secured to the site.
- A Closure Order was executed at 16 Spencer Place following a violation of a stipulation agreement signed by the property owner to cease use of a contractor's yard and commercial vehicle storage in their vacant located in an R6B residence district. Violating conditions pictured below.

Manhattan

- \$10,000 in penalties imposed on CM and Associates Construction for violations recorded at 38 East 35th Street. DOB inspectors issued violations for failure to safeguard during excavation operations after observing that a drill went more than ten feet deep causing a hole in the basement wall of the adjacent building though excavation plans directed the drill be limited to a six-foot depth.

Queens

- \$10,000 in penalties imposed on Wang Lam for violations recorded at 185-19 Union Turnpike. DOB inspectors issued violations for failure to safeguard after observing several uncapped rebars located directly below a working deck area, creating an unsafe condition for workers.
- Following a padlock warning letter issued for use of a contractor's yard and commercial vehicle storage in a vacant lot in an R4 residence district, the owners of 305 Beach 101st Street signed a stipulation agreement to remove the commercial trucks and building materials. Violating conditions pictured below.

- The property owners of 305 Cross Bay Boulevard discontinued illegal use of a contractor's yard and commercial vehicle storage on their property located in an R3A residence district following a stipulation agreement where the property owners agreed to remove a total of 50 commercial trucks and vehicles and 10 commercial shipping containers in stages over the last two years. Corrected conditions below.

- Following direct outreach, the business owner of 189th Ave, located in a public right of way owned by the New York City Department of Transportation, removed 14 commercial vehicles illegally stored on the property in an R3A residence district. Corrected conditions pictured below.

- Following direct outreach, the property owners of 134-33 59th Ave removed the dead storage of a motor vehicle on their property located in an R4 residence district. Corrected conditions pictured below.

Staten Island

- \$10,000 in penalties imposed on GVC General Contracting for violations recorded at 154 Hillside Ave. DOB inspectors issued violations for failure to safeguard the construction site after observing that the rear cellar entry was accessible to the public during renovations to a fire-damaged 1-family building.
